

Curly Turkey

Supplies You Will Need:

- Small paper plate
- Brown paint
- Paint brush
- Construction paper (yellow, red, orange, green, red, and brown)
- Pencil
- glue

Directions for Curly Turkey:

1. Paint the front of the paper plate brown.

2. While the paint is drying, cut 2 strips of each color (yellow, red, orange, green) about 1" wide.
3. Curl the tops of the strips of paper by wrapping the tip of the strip around a pencil about ½ way down the strip to create a curl.

4. Glue the strips to the back of the paper plate in a random pattern to create the feathers of the turkey.
5. Cut out the head and legs of the turkey from brown construction paper and glue to the paper plate.
