

Handprint and Footprint Turkey

Supplies You Will Need:

- Construction paper (brown, orange, yellow, green, and red)
- 2 plastic eyes
- Blunt tip scissors
- glue

Directions for Handprint and Footprint Turkey:

1. Trace 4 to 5 handprints using various colors of construction paper such as orange, red, yellow, and green.
2. Trace the right and left on footprint on brown construction paper.
3. Cut out all the handprints and footprints.
4. Glue the heels of the footprints together to form the body of the turkey.
5. Glue the handprints behind the body of the turkey to make the feathers.

6. Cut out a triangle for the beak using orange construction paper and a wattle using the red construction paper. Cut out 2 orange webbed feet.
7. Glue on the plastic eyes, orange beak, red wattle, and orange feet.
