

Pumpkin Tear Art

No scissors needed for this craft, which makes it fun for any age to do.

Supplies Needed:

- Orange construction paper
- Green construction paper
- White paper
- Glue or glue stick

Directions:

- Draw an outline of a pumpkin and its stem on a piece of white paper.
- Let the child tear orange construction paper into many different size pieces. Glue the pieces on the white paper to fill in the outline of the pumpkin. Pieces will overlap until none of the white paper can be seen.
- Tear pieces from the green construction paper and glue to the stem.
