

Simple Pumpkin Picture

This craft is for young toddlers who are just learning how to cut with scissors.

Supplies you will need:

- Simple pumpkin template
- Pencil
- White paper
- Green construction paper
- Orange paint
- Green paint
- Child blunt scissors
- Glue stick

Directions:

- Let the child trace around a pumpkin template on a piece of white paper.
- Have the child paint the stem green and the body of the pumpkin orange using finger paint or brushes.
- After the paint dries, let the child glue the white paper pumpkin to the green construction paper.
- Let the child cut an outline around the pumpkin so that there is a border of green construction paper around the painted pumpkin.
